SCIENTIFIC & TECHNICAL RECRUITMENT

Bulletin – October 2017

As I sit in Houston airport waiting for my home bound flight, a quick scan of the NZ Herald app and no decision from Winston! Thought it would be all settled by now, but if history is to repeat a change in government does not seem to have associated shockwaves for our business, just a few 'wobbles.' For us at S&T and for you our clients, immigration has the potential to be 'sticky' if new barriers or limited quotas on immigration make it more difficult to attract and appoint skills and talent from offshore. We wait to see. Wishing you all the best for Q4.
